

**ELECTRIC RATES**

Monthly bills include two basic components, energy charge (kWh) and Demand (kW) for large commercial customers. The charges for all electricity consumed shall be at the following rates:

- (A) Residential Service Rate shall apply to electric service to single-family dwellings, where the major use of electricity is for domestic purposes such as lighting, household appliances, and the personal comfort and convenience of those residing therein.

Energy Charge:  
 First 50 kWh: Included in min. service charge of \$6.31  
 Thereafter all kWh: \$0.1003 per kWh

- (B) General Service-Small (Non-residential) Rate is available for single and three-phase services for non-residential service. This rate applies to customers whose consumption is less than 40,000 kWh per month or a demand less than 100 kW.

If the demand is over 100 kW per month for three consecutive months within a twelve month period or consumption is equal to or greater than 40,000 kWh, service will not be provided under this rate.

Energy Charge:  
 First 100 kWh: Included in min. service charge of \$12.63  
 Thereafter all kWh: \$0.1075 per kWh

- (C) General Service-Medium (Non-residential) Rate is available for single and three-phase service to customers whose consumption is greater than or equal to 40,000 kWh or 100 kW per month for three consecutive months within a twelve month period.

Demand charge is the sum to be paid by large electric consumers for their peak usage level for which GJU recovers the cost of providing facilities to accommodate the peak demand.

Demand Charge:  
 First 100 kW or less: Included in min. service charge of \$1,341.74  
 Additional Demand: \$13.66 per kW

Energy Charge:  
 All kWh at: \$0.0643 per kWh

- (D) Municipal Service General Rate: Municipal service general rate is available to municipal buildings and some streetlight consumption:

Energy Charge:  
 All kWh at: \$0.0942 per kWh

- (E) Municipal Service Joint Utilities Rate: Municipal service joint utilities rate is available to joint utilities including water department, wastewater department and electric department:

Energy Charge:  
 All kWh at: \$0.0946 per kWh
